BATTLE ON SUNDAY

Russian Vladivostok Fleet Was Encountered by Vice Adm. Kamitura at Dawn.

FIGHT LASTED FOR FIVE HOURS.

The Japanese Were Victorious, the Russian Cruiser Rurik Being Sunk and Two Cruisers Damaged.

Fates of the Crew of the Rurik Not Known, But is Presumed Many of Them Were Killed or Drowned.

Tokio, Aug. 15.—Vice Adm. Kamitura encountered the Russian Vladivostok squadron at dawn Sunday, north of Tsu island, in the Strait of Korea and attacked the enemy at once. The battle lasted for five hours and resulted in a complete Japanese victory. The Russian cruiser Rurik was sunk and the cruisers Russia and Cromonti fled to the northward after having sustained serious damage.

Vice Adm. Kamitura cables the navy department that the injuries inflicted upon his vessels were slight. The fates of the crew of the Rurik is not known. It is presumed that many of them were killed or drowned. The strength of the fleet under Vice Adm. Kamitura is not known, but it is presumed that he had the Adsuma, Idsugo, Iwate, Takashio, and other light cruisers. Tokio is joyous over the news, as it gives Japan mastery of the sea and restores commerce.

Flags are flying, lanterns are glimmering and cries of "Banzai" were ringing in the streets of Tokio Sunday night in honor of the victories gained on sea by Adm. Togo and Vice Adm. Kamitura. Underneath the jollity of the populace lies a feeling of deep satisfaction and gratification at the disposal of a desperately serious problem of the war.

The Russian squadron which confronted Adm. Togo refused battle. It was stronger than Adm. Togo's squadron in battleships and armored cruisers, and had it elected to fight the result might have altered the fortunes of war. The strength of the squadron which opposed Adm. Togo compelled him to draw vessels from the squadron under Vice Adm. Kamitura, and this left the Japanese navy powerless to operate against the Russian Vladivostok squadron and unable to prevent the raids of these vessels.

The raid conducted by the Vladivostok squadron in July was extremely expensive to Japan, and not only was retaliation tempting, but it was demanded by commercial interests.

The navy, however, grimly refused to make a diversion and stuck to Port Arthur. It was confident that the harbor soon would get a fair fight in the open sea away from the Russian land batteries, and that the Japanese would win. These calculations of the navy were correct and the Russians, with the chances even, have been hopelessly defeated.

Vice Adm. Kamimura, after months of weary and patient waiting, finally got his chance at dawn Sunday off Tsu island.

He sunk the Russian cruiser Rurik and sent the cruisers Gromoboi and Rossia fleeing back from the fight.

Japanese guns dominate the dock yards at Port Arthur and in view of this fact it would seem to be impossible again to make seaworthy or fightable the Russian battleships which have returned to Port Arthur. It is probable that the Russian battleship Czarovitch will disarm at Tsing Chou.

The best possible naval force that Russia can now concentrate at Vladivostok is four cruisers.

THE CRUISER RURIK.

At One Time One of the Most Powerful War Vessels Afloat.

London, Aug. 15.—Russia's latest naval disaster has a peculiar interest for Englishman, as it was apprehension caused by the enormous power of the cruisers Rurik and Rossia, two of the vessels which composed the Vladivostok squadron, which led the British government to build the monster cruisers Terrible and Powerful. The naval battles are discussed here with the greatest interest. The latest details showing that the fighting between Vice Adm. Togo's fleet and the Port Arthur fleet began at a distance of about four miles are held to prove the necessity for the possession of big ironclads. The fleets appear never to have approached each other closer than a distance of 3,800 yards.

Aged Veteran Met Sudden Death.

Louisville, Ky., Aug. 15.—Samuel Mack Courtney, 87 years of age, and a veteran of both the Mexican and civil wars, was killed by a street car. Courtney formerly lived in Frankfort.

VALUABLE HORSEFLESH.

The Whitney Stud in Kentucky Now a Thing of the Past.

Lexington, Ky., Aug. 15.—The famous La Belle stud of the late William C. Whitney is now a matter of history, for the last remnant of his breeding stock which has been quartered at this great breeding establishment has gone.

Eight of the greatest stallions the blue grass has ever known and belonging to the Whitney estate left here Sunday morning for Red Bank, N. J., and this leaves the stud in this country vacated. The stallions were Nasturtium, which cost Whitney \$50,000; Hamburg, \$60,000; Imp. Meddler, \$40,000; Yankee, \$30,000; Kilmarnoch, \$20,000; Imp. Sanringham and Ballyhoo Bey, \$12,500, each, and Black Stock, \$10,500, the total valuation of the eight studs being \$235,500, making the most expensive car load of horses that ever left this city at one time.

FRENCH EXILES.

They Seek Refuge in a Catholic Institution Near Louisville.

Louisville, Ky., Aug. 15.—Mt. St. Agnes, the old Catholic academy building, located on the Newburg road, half a mile east of Castlewood, shelters a community of 20 Catholic sisters who are refugees from the adverse laws of the French republic.

These sisters reached Louisville Saturday, having been permitted to come into the Kentucky diocese by Bishop William George McCloskey, to whom they had appealed for a community house. They communicated with the bishop two months ago, pleading that Louisville's first bishop, the venerable Flage, was a Frenchman, and they his sisters.

FIRE AT THE TROTTING TRACK.

Twenty Horses Perished—The Loss Will Reach \$100,000.

Lexington, Ky., Aug. 15.—It has developed that about 20 horses perished in the fire at the trotting track Saturday night, and it was estimated Sunday night that the loss will reach at least \$100,000. Most of the horses that perished were fancy saddle and harness and matinee horses. Those that escaped were fairly well rounded up Sunday. The stables will be rebuilt. The fire will not interfere with the holding of the trots in October.

A HEAVY STORM.

Crops Ruined and Telegraph Lines Blown Down.

Mt. Sterling, Ky., Aug. 15.—The hardest rain and electrical storm ever seen here passed over the county early Sunday morning. Rain fell in sheets, causing heavy damage. The flashes of lightning made the sky as light as day.

The loss to farmers will reach \$10,000 at least. Telephone communication was cut off in some sections.

Cantrill is the Party Nominee.

Frankfort, Ky., Aug. 15.—Judge Cantrill was recognized as the nominee for appellate judge, winning a signal victory before the democratic state central committee. His opponents, John D. Carroll and M. C. Saufley, yielded gracefully to the decision of the committee, and made speeches pledging their hearty support to the nominee.

Slept on the Track.

Owensboro, Ky., Aug. 15.—Harvey Allen and Robert Harbert, young men of this county, were found in a mutilated condition on the railroad track four miles below Owensboro. They attend a dance and on returning home, it is supposed, they sat down on the track and fell asleep.

He Fell Two Stories.

Newport, Ky., Aug. 15.—Tschaibran, 24, single, who boards on Monmouth street, fell from a second-story window early Sunday morning and sustained injuries that may prove fatal. It is thought he fell asleep while sitting in the window.

Killed in a Runaway.

Newport, Ky., Aug. 15.—A fatal runaway accident occurred at an early hour Sunday morning on the Licking pike, near the Three-mile house, in which Joseph Sunderhaus, 46, Covington, was killed, receiving a fracture of the skull.

W. A. Alexander Died Suddenly.

Newport, Ky., Aug. 15.—W. A. Alexander died suddenly of heart disease Sunday night at his home in Southgate, after having spent a pleasant evening at Heidelberg. He was prominent in local building associations.

Ingomar Wins Again.

Southampton, Eng., Aug. 15.—At the Royal Southern Yacht club regatta Saturday the American schooner yacht Ingomar won the handicap race for yachts of over 100 tons.

THE ENCAMPMENT

Grand Army Men From All Parts of the United States Assemble in Boston.

THE LARGEST IN RECENT YEARS.

Meetings and Reunions of the Various Organizations Which Began Monday Will Last Until Saturday.

Feature of the Week Will Be the Parade on Tuesday When From 20,000 to 40,000 Veterans Will Be in Line.

Boston, Aug. 15.—The national encampment of the Grand Army of the Republic, with its several affiliated bodies, was opened in this city Monday, and is expected to be one of the largest in recent years.

The arrangements for the week were completed Sunday night. The city is extensively and handsomely decorated in honor of the occasion and the Boston common and public gardens bear electrical illuminations of unusual brilliancy.

Commander-in-Chief Black, accompanied from Washington by members of his family, arrived at encampment headquarters at 4 o'clock Sunday afternoon and was given a rousing reception.

In connection with the meetings of the grand army, there will be held the annual gatherings of the National Woman's Relief Corps, the National Daughters of Veterans, the National Sons of Veterans, the National Ladies Aid society, auxiliary to the Sons of Veterans, the National Ladies of the G. A. R., the National Army Nurses association, the National Association of Naval Veterans and the National Association of Ex-Prisoners of War.

The meetings and reunions of these various organizations will continue until Saturday. The feature of the week will be the parade of grand army men on Tuesday, when it is expected that from 20,000 to 40,000 veterans will be in line.

The opening of the encampment Monday was marked by a parade made up of about 1,000 Sons of Veterans of Massachusetts, the members of the associations of the ex-prisoners of war, Mexican war veterans, the state naval brigade, the League of Spanish War Veterans, marines and Jackie from the United States warships now in the harbor, and several regimental associations, they making about 5,000 men.

At the Hotel Vendome Monday night the Women's Relief Corps will give a reception in honor of Commander-in-Chief John C. Black, of the G. A. R., and all the members of that organization. In the evening there will also be a camp fire by the unprisoners of war.

On Tuesday evening, the mammoth camp fire of the grand army will be held in Mechanics building. William Olin, of this state, will preside, and arrangements have been made to receive 10,000 people.

On Wednesday the Women's Relief Corps of the G. A. R., the Sons of Veterans, the Daughters of Veterans, and other associations will hold their annual business sessions.

Much interest centers in the choice of the new commander-in-chief. For this office there are already several prominent candidates, including Gen. Wilmot W. Blackman, of Massachusetts; Col. John C. Shotts, and Col. Allen C. Bakewell, of New York.

Other features of the encampment will be the launching of the United States training ship Cumberland on Wednesday at Charlestown. In the presence of distinguished officials, including Secretary of the Navy Morton, the carnival illumination of the Charles river at Waltham on Wednesday evening; an automobile pilgrimage to Lexington and Concord on Thursday and an electrical parade commemorative of representative incidents in national history to be held in the Back bay on Thursday evening. Receptions, reunions, camp fires and excursions to points made famous in history will occupy the remainder of the week.

Oil Struck on Beaver Creek.

Sargent, Ky., Aug. 15.—Hall Well No. 7, property of the New Domain Oil and Gas Co., composed of Cincinnati capitalists, came in on the Beaver Creek oil field, north of here, with a 300-barrel flow Saturday.

Off For the Work.

Owensboro, Ky., Aug. 15.—Urey Woodson, secretary of the democratic national committee, left for New York Sunday with his family. He will remain there until after the election in November.

THE MEAT PACKERS' STRIKE

Extreme Action Will Be Taken By the Teamsters' Union.

Chicago, Aug. 15.—At a meeting of the market wagon drivers, held Sunday afternoon, it was decided to declare a boycott against such retailers as buy meat of the packers where men are now out. The men will moreover refuse to do any of the work that was formerly done by the men now on strike. This is the extreme action that will be taken by the teamsters during the present struggle.

There was very little rioting in the yards Sunday afternoon and night. A number of men, said to be union men, employed in the stockyards were attacked and beaten by strikers, and James Bristol, a moulder, was terribly beaten by two men who took him for a strike breaker. Bristol is employed in an iron foundry and has had nothing to do with the strike.

HE RAN AMUCK.

Crazed By Liquor William Pfeiffer Shot Two Men in Chicago.

Chicago, Aug. 15.—Two men were shot Sunday night by William Pfeiffer, who was running amuck. Pfeiffer was talking to several men near his home on West Fourteenth street when he suddenly drew a revolver and fired a shot into the ground. He was evidently crazed by liquor and his friends attempted to take the weapon from him. Pfeiffer started to run and the crowd followed. He opened fire and shot James J. Cunningham in the right arm and in the right knee, both wounds being serious. Another bullet struck Leonard Blehler in the right arm, passed through, and lodged in the abdomen, inflicting a wound that will prove fatal. Pfeiffer was arrested by the police after a hard fight.

PASSENGER TRAIN WRECKED.

One Man Was Killed and About 40 Other Persons Injured.

Nashville, Tenn., Aug. 15.—One man was killed and about 40 other persons injured in a passenger wreck on the Tennessee Central railroad 70 miles east of here Sunday. Westbound passenger train No. 2, from Knoxville to Nashville and in charge of Conductor W. H. Deeland, was making the descent of Silver Point hill between Buffalo Valley and Silver Point, Tenn., when a flange on a wheel on a truck of the rear car broke, derailing the last two coaches. One of them turned completely over and both were badly wrecked. A two-year-old baby of Mrs. Herbert was hurled from a window down an embankment lodging between the car wheels. It was unharmed when picked up.

MRS. MAYBRICK SAILS.

She Is On Board the Red Star Line Steamer Vaderland.

London, Aug. 15.—Mrs. Florence Maybrick is on board the Red Star Line steamer Vaderland, which sailed from Antwerp Saturday under the name of Miss Rose Ingram. She is accompanied by her attorney, Mr. Hayden, who arranged the details of her departure. Mrs. Maybrick arrived in Paris Friday and was met by Percy Barnard, of New York. She spent the night at a hotel with Mr. Hayden and his wife, and the party boarded the Vaderland at Antwerp Saturday. On her arrival at New York Mrs. Maybrick will be the guest of Dr. Danmore. Mrs. Maybrick's mother, the Baroness De Roques, intends to follow her daughter shortly.

THE NEW YORK LOCK OUT.

The Lathers Union Makes Reply to the Open Shop Ultimatum.

New York, Aug. 15.—Replying to the open shop ultimatum issued on Saturday by the Building Trades Employers' association, the Tile Lathers Union has issued a counter ultimatum to the members of the Tile, Grate and Mantel association, composed of employers, in which the union says that if the lockout is not raised on the members of that union by Wednesday August 17, the union will not return to work at any future time for a lower scale of wages than \$5.50 per day. The present schedule is \$5 per day.

United States Surpasses Competitors.

Washington, Aug. 15.—The report of John Birkinbine to the geological survey on the production of iron ores in 1903 shows that the United States has surpassed all competitors in its yearly output of iron ores, being 55,019,308 long tons.

The Russian Flag Pulled Down.

Tsing Chou, Aug. 15.—The Russian flag was at noon Sunday pulled down from the battleship Czarovitch and three cruisers which took refuge here. The lowering of the colors was done in the presence of the German governor.

GRANTS REQUEST.

At Last the Sultan of Turkey Yields to the Demands of the United States.

AMERICAN SCHOOLS IN TURKEY.

They Are Accorded the Same Treatment as That Given to Schools of Other Nations.

Settlement of Other Matters Affecting American Interests in Turkey of Secondary Importance Has Been Arranged.

Constantinople, Aug. 15.—After prolonged pour parous and considerable haggling on the part of the Turks, a satisfactory solution of the American school question has been arrived at. This matter, which is the most important of the American demands, was settled by extending to American schools the same treatment as that accorded to schools under the protection of other powers.

A settlement of other matters affecting American interests in Turkey of secondary importance has also been affected and Minister Leishman has telegraphed to Rr. Adm. Jowett, in command of the United States squadron sent to Smyrna, instructing him to salute the batteries on land and depart.

The sitting of the council of ministers at which the settlement was agreed upon was a long one and it was not until near its close that an agreement was reached. The delay in the settlement is believed to have been caused by the intervention of the palace functionaries, whose policy, in order to retain the sultan's favor, consists of combating the rights and privileges of foreign subjects.

Washington, Aug. 15.—The United States war vessels now at Smyrna under command of Rr. Adm. Jewell are the Cleveland, the Olympia and the Baltimore. They left Smyrna Monday and will sail for Gibraltar. The ships comprise what is known as the American European squadron and will continue their cruise in European waters for some time.

For many years the treatment of educational establishments in the Ottoman empire founded and conducted by American citizens, has been very unsatisfactory. While similar schools under the direction of other foreigners have been recognized as existing and have been accorded the regular license or imperial firman on application therefor, applications on behalf of the schools under American control have passed unnoticed. Temporary permits obtained from the local authorities have been held within restriction and have not infrequently been ignored by the Turkish government. Difficulties and obstructions have constantly been put in the way of the American teachers, in marked contrast to the favor shown the schools of other nationalities and in contravention of the rights of American citizens in Turkey to the most favored treatment accorded to the citizens or subjects of other states.

The earnest efforts of the American minister at Constantinople to secure for our schools and teachers the simple equality of treatment to which they were entitled have met with evasive and dilatory treatment by the sublime porte, and no progress having been made toward a better understanding the president took the matter in hand, and on February 2

DEMOCRATIC TICKET.

For President,
ALTON BROOKS PARKER
of New York
For Vice President,
HENRY G. DAVIS
of West Virginia.
For Congress
JAMES N. KEHOE
of Mason County.

The Republican State Campaign Committee has practically determined to open the State campaign in every county about September 1. That's what the Democrats want—something to stir them up.

The people will not forget that Henry G. Davis, the Democratic nominee for the Vice-Presidency, is worth \$10,000,000, and that he made his money by the grace of protection to American industries.—Dover Messenger.

According to good authority ex-Senator Davis' wealth is largely the result of his investments in West Virginia coal and timber land when it was selling for a song.

SOBER SENSE SHOWN BY JUDGE PARKER.

The New York Sun, after being on the political fence some time, has at last decided to support President Roosevelt in the present campaign, but the Sun is one of the few journals of the Empire City that is giving aid and assistance to the Republicans. The Sun exhibits a good deal of hysteria in its wild criticism of Judge Parker's speech of acceptance, in striking contrast with the view taken by the New York Times, which says:

The tone of Judge Parker's speech of acceptance is in perfect keeping with the sobered sense of the American people. Since the year 1898 we have not been at all times quite in our sober senses. War is an exciting business. The fever has lingered in our blood. The flush of it departs but slowly from some faces much in the view of the people, and the heat and passion of battle now and then glow again, in the language of our chief public men. Judge Parker talks to us as one who from some high place looks across the smiling busy land, and in calm discourse reminds this people of certain well-known principles of conduct and of government which they should not allow themselves to forget, and by occasion indicates errors of policy and behavior which it would benefit them to set right. He talks as one who if raised to the Presidency would lead the country in ways of wisdom, in the paths of peace. There is in his speech not the remotest suggestion of wars and tumults, not even the "rumble of the distant drum."

It is not without reason that Judge Parker reminds us that we were a great people long before the Rough Riders charged up Kettle Hill. Our interference in the affairs of Spain and Cuba was a mere neighborhood exercise of police power, primarily for our own protection. It did not make us appreciably greater, it merely notified to the world the fact that we were already great. That is a grotesquely false historical perspective which exalts wars and conquests to the chief place in a country's chronicles; and, specially, it would be ridiculous to pretend that we became very much greater through the fruits of our small short war with a European paralytic power.

Mrs. Jane Phister has been quite ill several days.

Prof. M. B. Mawhorter who has been playing for the Smith & Nixon Piano Co. the past year at Mr. John I. Winter's, left Sunday for Indianapolis to accept the position of Musical Director for the Dawson Comedy Company. He was formerly with the company for three years, and has a year's contract with them now. He made many friends in Maysville who wish him success. Prof. Mawhorter is succeeded here by Mr. Neal Hubbard, one of Maysville's talented young pianists, who takes the position with the Smith & Nixon Co.

JUDICIAL DIGNITY

Was Able Upheld by Judge Parker When He Resigned

[Chicago News.]

That Judge Parker would resign his position as Chief Ju^{dg} of the New York Court of Appeals before entering upon the political campaign was generally understood. Some of his admirers, however, had pointed out that there was a way whereby he might resign the office and yet retain an opportunity to resume it at no distant day. Under the New York State law a vacancy on the Court of Appeals cannot be filled at a general election if the vacancy occurs within less than three months of election day. By postponing his resignation until August 10th, the day of his official notification, Judge Parker would have made it impossible to fill his seat at the election next fall and would have reserved an opportunity to be a candidate to succeed himself. Fortunately for the honor of the American judiciary, he has declined to adopt this plan. His resignation, dated August 5th, will admit of the nomination and election of a successor next November.

His action in this matter is a gratifying evidence of his loyalty to high ideals and high standards of honor and integrity in the conduct of the judiciary. He has strengthened the unwritten law which decrees that no man occupying a judicial position has a right to cast suspicion on the judiciary by exposing it to political influences or permitting it to serve private ambitions.

The making of perfect soda is now reduced so nearly to a science that about all depends on the willingness of the maker to pay for perfect materials.

Yet perfect soda is rare; the reduced profit hinders.

There is nothing too good for our fountain; we think there is profit enough in pleasing and holding our soda water customers.

KILLED FATHER,

And Then the Son Blew Out His Own Brains.

Awful Tragedy Near Shelbyville. The Participants Being Former Residents of This County.

SHELBYVILLE, Ky., August 12.—While in a state of temporary mental aberration Lucien Wells shot and killed his aged father, W. Y. Wells, and then blew his own brains out with the weapon at their home a mile and a half south of this city a little after 8 o'clock to-night. The tragedy happened in the front yard in the presence of several members of the family, but they were powerless, as the whole affair was over almost in an instant.

Lucien Wells was about twenty-five years old and was subject to temporary fits of insanity, but the family never feared that he would commit any awful deed. While he never worked, only at little jobs around the house, yet he was regarded as utterly harmless.

It was the custom of the family after the evening meal during the summer-time to sit for a while in the front yard and enjoy the cool fresh night air. As usual to-night some of them took seats while the father and son were standing around conversing about different things. Without any warning whatever, Lucien whipped out a pistol and fired at his father, the ball entering the back. The old man sank to the ground, and as he did the son fired another shot into his body. As quick as a flash he placed the weapon to his temple and pulled the trigger. His brains were scattered for several feet around. His death was instantaneous. His father lived about twenty minutes.

W. Y. Wells was seventy years old and was in good circumstances. He removed here from Mason County ten years ago and purchased the farm on which the tragedy occurred. A wife, four daughters and a son, Gus Wells, survive him. The daughters are Mrs. Lee Thomas of Lexington, Mrs. Ira Pylee, Mrs. George E. Best and Miss Wells of this city.

Mr. W. Y. Wells, whose sad fate is detailed above, was a brother of the late Thomas Wells of this city. The family has many relatives and a large circle of friends here who were shocked by the news of the terrible tragedy.

The engagement of the Rev. L. H. Blanton of Danville to Mrs. Myra C. Bracken, of Lebanon, is announced. The news is of wide interest, as Dr. Blanton is one of Kentucky's most prominent ministers and most brilliant men. The wedding will be celebrated Wednesday morning at 10 o'clock at the home of the bride's nephew, Mr. J. W. Tate, in Jessamine County. Mrs. Bracken is the widow of the late Rev. Thomas A. Bracken of Lebanon. Dr. Blanton was formerly Chancellor of Central University at Richmond before its consolidation with Centre College at Danville of which he is now Vice President.

Charley Hester, the young negro thief, will be given a hearing in the Police Court to-day on charge of stealing \$20 from the home of Mrs. P. King of East Fourth street. Chief of Police Donovan Saturday recovered all the money—four \$5 bills, and also recovered \$10 that Hester stole from a man who was operating a game at the Ripley fair last week. Chief Donovan not only induced Hester to "cough up" the stolen money mentioned above, but got a confession from him in which he told of two robberies in which he was implicated with Jim Jones, another negro lad. Jones got \$2 from the cash drawer at W. R. Smith & Co.'s store, and also stole about the same amount from the home of Mr. and Mrs. Ernie Ort. He is in jail.
